VISION

Hockey ONE Academy is an elite academy level Hockey Developmental Program for beginning to intermediate players, which has united the hockey community by its formation. Local youth hockey has followed the lead of Hockey ONE, and merged into one association. We work in partnership with the Cincinnati Swords, so our families receive relevant information regarding events held by the association. We enable our skaters to explore the options which best fit their interests, and assist with information flow regarding tryouts and evaluations. We are your unbiased 3rd party resource. We have aligned our Power Skating Skills with the USA Hockey American Developmental Model to give our players an opportunity to advance their individual skills in preparation for or as a supplement to league play. We encourage players to play other sports to create a well rounded athlete. Our philosophy is to teach the players the correct way to execute hockey skating and puck skills through repetitive motion and touches of the puck. This model of teaching creates muscle memory and instinct. Practicing the right way is how players are able to enjoy the game at their highest potential. After all, you can't enjoy playing hockey if you can't skate, and Learn to Skate is the leading group lesson skating program in the tri-state! Our elite Hockey 5 is the highest teaching level available in Cincinnati, and will get your player ready for wherever they want to play! Hockey ONE Academy is limited enrollment with an 18 player maximum. If you are wait-listed, we will notify you should a position become available.
